Camelot

Camelot nos devuelve a tiempos de palacetes y murallas. Sus piedras y texturas, que emulan el paso del tiempo, están inspiradas en fortalezas y caserones antiguos.

Camelot conjures up a past of palaces and defensive walls. Its stone effects and textures skilfully reflect the passage of time, inspired by fortresses and big old mansions.

Camelot nous ramène aux temps des palais et des murailles. Ses pierres et textures, qui reproduisent le passage du temps, puisent leur inspiration dans les forteresses et les vieilles demeures.

Camelot versetzt uns in Zeiten mit Palästen und Stadtmauern zurück. Die Steinoptik und Texturen verweisen auf den Lauf der Zeit und sind an Festungen und alten Herrenhäusern inspiriert.

Camelot

For walls, in addition to the field tiles, Camelot offers various different models that combine stone's natural beauty with designs and relief patterns featuring motifs used in Visigoth art, conceived to lend a nostalgic beauty to wall surfaces.

Inspirada en la piedra piacentina, Camelot es una excelente apuesta para la decoración de cualquier estancia. La colección está creada especialmente para espacios que demandan sensaciones y una intensidad acentuada por su efecto naturalmente envejecido y decadente.

S'inspirant sur la pierre piacentina, Camelot est un excellent choix pour la décoration de n'importe quelle pièce. La collection est créée spécialement pour des espaces qui demandent des sensations et une intensité accentuée par son effet naturellement vieilli et décadent.

Für Wände enthält die Kollektion Camelot neben der Grundfliese auch mehrere Optionen, bei denen die Natürlichkeit des Steins mit Designs und Reliefs mit Motiven aus der westgotischen Kunst kombiniert werden und damit den Wänden einen nostalgischen Touch verleihen.
